Lesson Steps

|                   |  |
|-------------------|--|
| 1.<br><br>5 mins  | <p>Lead in and Connection to previous learning:</p> <p>Firstly, the teacher and learners discuss the topic from the previous lesson and what the learners did.</p>   |
| 2.<br><br>10 mins | <p>Activity part:</p> <p>Worksheet 3 (Word puzzle). Learners work in pairs. Learners search for 12 eco words (words were used in the PowerPoint presentation 3 R's in the 1st lesson). They can compete for which pair will be the first one to find all of them.</p>  |
| 3.<br><br>20 mins | <p>Watching, listening and speaking part:</p> <p>Learners watch the video "Reduce, reuse, Recycle, to enjoy a better life" and the teacher stops the video every time that he/she needs to give some more examples in different situations. Teacher asks open questions, for example: How can you help our environment in everyday life? What can you do better? Learners think about more examples on how to reduce, reuse and recycle in their daily routines.</p> <p>Source of the video: <a href="https://www.youtube.com/watch?v=OasbYWF4_S8">https://www.youtube.com/watch?v=OasbYWF4_S8</a></p> |
| 4.<br><br>10 mins | <p>Sing a song:</p> <p>At the end the teacher relaxes the learners by singing:<br/><a href="https://www.youtube.com/watch?v=kjGFAU9UkMA">https://www.youtube.com/watch?v=kjGFAU9UkMA</a> . Learners sing a song about saving the world together with their teacher.</p>  |
